Education

Bachelor of Engineering in Electronic and Communication
MRIT College Of Engineering
Mysore, Under VTU
2018 - 2022

Skills

- ASP.NET Core MVC development
- Web page design with HTML, CSS, JavaScript
- Dynamic content integration with jQuery and AJAX
- Database management using SQL Server, LINQ, Dapper
- Data handling with JSON and SQL Server.
- ASP.NET application maintenance
- SQL query optimization
- AJAX for asynchronous updates
- Frontend performance tuning
- Data mapping and processing with JSON
- Back end development
- Software quality assurance
- SSO Login and 2FA

Professional Summary (2.5+ Years):

I am a dedicated and hardworking .NET full stack developer, experienced in building web applications using ASP.NET Core MVC, SQL Server, and web technologies like HTML, CSS, JavaScript, and jQuery. I have worked on improving database performance, creating user-friendly interfaces, and writing clean and efficient backend code. I am looking for a company where I can use my skills to help the team and also learn and grow in my career.

EXPERIENCE:

Infomaze Elite Private LTD / Mysore, Karnataka.
2.5 + Years from March 2023 - Present.

- Designed and optimized stored procedures using JSON in SQL Server, improving data retrieval times significantly for large datasets

- Developed scalable web applications using ASP.NET Core MVC and connected UI and backend with reusable middle-tier logic.

- Built dynamic modules with drag-and-drop functionality using jQuery, AJAX, and JavaScript.

- Implemented custom functionality for PDF generation, Excel file handling, and email/SMS schedulers.

- Conducted unit testing, fixed bugs reported by QA, and maintained performance and code quality.

- Collaborated with cross-functional teams and mentored junior team members in optimizing backend logic and frontend performance

PROJECTS

- **2023 - Present**
  ElementIQ , Full Stack Developer,
  - **Team size:** 15 Members.
  - **Technology: C#, .NET Core MVC (2.2 and 8.0), SQL Server, HTML, CSS, Bootstrap, JavaScript, Razor Pages, jQuery, AJAX, LINQ, Dapper, Single Sign-On (SSO) login functionality, Two-Factor Authentication (2FA), JSON in SQL, Email and SMS Scheduler(Console App).**
  - Responsibilities:
